URSING

Tammy Mueller, winner of November photo contest. Theme was *"Student Life"* (right).

An explanation:

This year's title Bonsai, was chosen by Agnese Bianchi. The miniature tree, a symbol of longevity and endurance in the Orient has also come to symbolize renaissance in the Western culture. Bonsai was chosen this year to represent the quality of our faculty in spite of its size. The 'z' was added to the word in hopes that the 'zing' would rub off onto our quiet student body for greater participation in the coming years.

Zany Yearbook Staff,
Sue Huang and
Dorina Rico.

MESSAGE FROM THE DEAN

This 1988-89 Yearbook is a milestone for me for it represents my first year as your Dean. I take great pride in being Dean of Nursing and the activities pictured and described in this book help to explain why.

For those of you who are graduating, I hope you will take many happy memories of classmates and achievements with you, and that you will have a long and satisfying career in nursing. I am looking forward to getting to know the rest of you and to working with you to strengthen our program and make it as rewarding as it can be for you.

Dorothy M. Pringle,
Dean

. . . FROM THE CHAIRPERSON

Congratulations to the Class of 1989. You've made it! I've had the privilege and excitement of knowing you quite well from Day 1 of Year 1 right through to your graduation day. It's been a pleasure to see your development and now a further pleasure to see you launch into the beginnings of a new stage in your careers. I wish you all the best and hope that you come back frequently to keep us up to date with all your endeavours.

Joan Brailey,
Undergraduate Chairperson

Administrative Officers & Faculty

Secretary to Graduate Faculty:
Dilu Irani and Professor Jacqueline Chapman

Undergraduate Secretary:
Kanar Nanorian

Secretary of the Faculty:

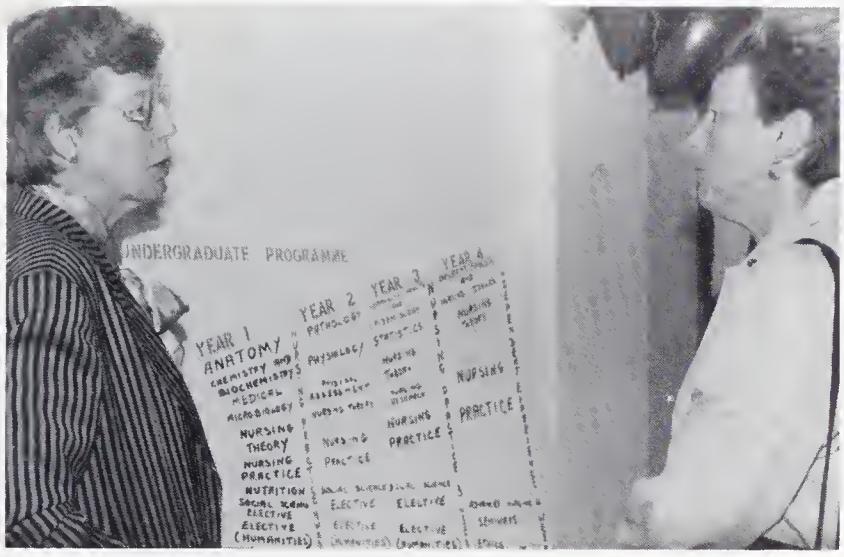
SUBJECTS



Nursing in a cone.

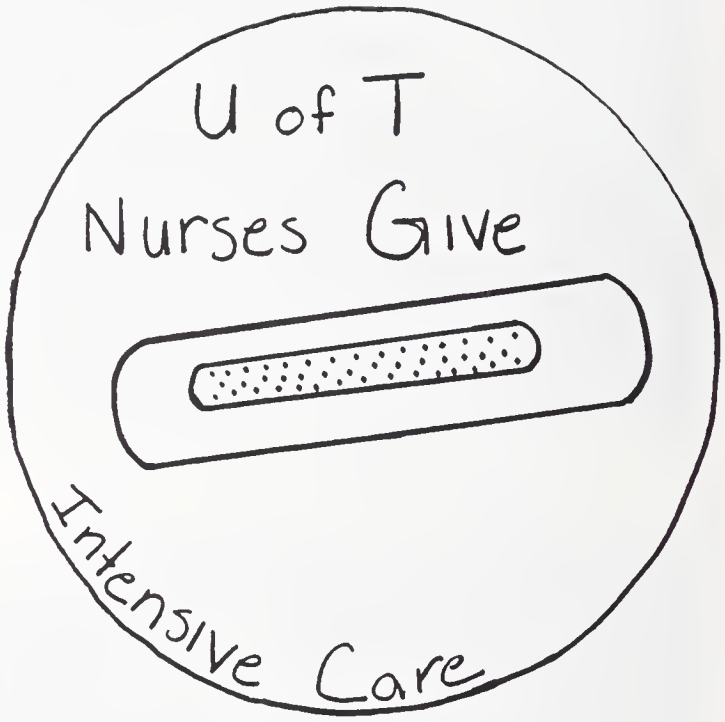
Drafting them kind of young aren't we?

Areial View

C.U.N.S.A.

You are CUNSA! The goal of CUNSA is to increase professionalism in nursing students through conferences and information sharing. Each month a different theme was promoted on the CUNSA board, with articles for student use. There are two conferences each year - the regional and the national. This year the regional was held in Sudbury and the national was held in Windsor. The topic of the regional conference was Professionalism. The topic of the national conference was Creativity in Nursing.

Susan Lalonde, Donna Clarke CUNSA reps.



CUNSA ONTARIO REGIONAL CONFERENCE
October 21-23, 1988
Sudbury, Ontario.

CUNSA NATIONAL CONFERENCE
February 1-4, 1989
Windsor, Ontario
Students are chosen, for each national conference, to present a lecture on a topic that relates to the conference theme. This year, Laurel Tien, one of our fourth year students (picture to the right), was chosen to present a lecture on humor. The above picture is a group of students brainstorming ways to implement humor in the hospital environment.

Drink and be merry, Tomorrow, we die!

Books and wine, are all part of our academic achievements.

George Wang

Congratulations! You just gave birth to a 20 lb hangover.

Hey, mom! You were right. School is fun!

Check out the vintage.

Not drunk, just happy!

HALLO-

WEEN

CHRISTMAS CELEBRATIONS

Mmm . . . Free food! And good too.

Friendship! That's what Christmas is all about.

FUND RAISING

This year's charity went off to a great start with Christmas Candy Canes being sold. We both had a lot of fun, along with spending all our quarters in order to buy all the broken ones! Around 200 candy canes were sold, bringing our profits to $70, which we gave to **CHUM-CITY Christmas Wish.** We like to give a big *THANK YOU* to everyone who helped out. Our next fund raiser will find our selling Hersey Kisses to raise money for the **Heart Foundation.**

Marilyn Hazlwood
Joy Tiemens

The Solid Gold Committee was formed this year in order to raise money for a chosen charity or health organization. **Street Health,** a community nursing organization that operates clinics in three downtown locations, was chosen by the members of the committee -- Coordinator - Dorina Rico; Kim Logan, Trish Tyrell and the student council members. At the present time, the committee has sold fourty books and therefore $400 has been raised to help the homeless in Toronto. Thank you for supporting **Street Health!**

Francis Abela

Friends . . . they helped me survive the last four years. Special thanx to DDAW, Smile it is over!

Tracy Agoston

Convocation will be the first day of the rest of my life . . .

Tracy Allin

As T.S. Eliot so eloquently wrote:
"to make an end is to make a beginning
for the end is where we start from."
Thank you to my family for their love and support.

Paula Argentino

Always on the go . . . but now I can finally slow down . . . I think!?

Dorthy Barker

They can send me to university but they can't make me think! Thanks guys, it's been a slice! I'm finally a real person. Famous last words -- "don't worry . . . be happy!"

Sherri Bartolotta

From D.B. to R.N. in focus short (looong) years! Now isn't that exquisite? P.S. Can anyone tell me what semiotics means?

Del Bascus

If nothing else, university has taught me the priceless value of my free time.

Vandna Bhatia

Words of wisdom to live by: "Don't worry! . . . Be happy!"

Sheila Bruce

All's well that finally ends! Leanne, have you studied yet? We're in so much trouble. What do I have to get to pass? Whose turn to go to theory? Mine again? Already? Watch out world -- here come the B.D's!

Amy Cheng

What are you seeking, my friends?

Anne Chesser

If existentialism was really true, it that "through suffering we grow", I should have grown another four inches at least!? Even so, I'm going to miss you guys a lot!! Thanks for everything.

Wendy Cheung

Thanks so much to all my 'Friends' for giving me the moral support much needed to survive the last four years. Just imagine, when we leave this "_____" we would be allowed to dictate our own lives; especially our personal lives.

Cheryl Core

Highlights in the last four years include memorizing word for word NUR 200Y; clinical well done, assignments forever need work; growing affinity for power snoozes; scrapbook of C+ papers; a never ending need for money; here's to cottage life June 89 as Barbie Dolls meet once again.

Antonella D'Amico

With the help of caffeine, my psycho room-mates at the Dupont hotel and funds from mom and pops -- I can finally say!?!X Man, finally made it.

Joan Delay

Can I have my social life back again?

Barbara Dempster

O.K., who's idea was it to come to class today? Assignment? What assignment? God I hate school! Barbie dolls do it better, right Francine?!

Patricia Favret

So we want to be nurses, we'll soon see what that means -- won't we? When it's all been said and done we have most certainly just begun!

Good Luck to the graduating class of '89.

Leanne Garrett

Am I really a barbie doll Kath? Sheil, have you studied yet? We're in so much trouble. Oh my God, what time's commencement? Does this mean I have to get a job? Ahhh!

Kathryn Graham

Yes Leanne I'm afraid we're all Barbie Dolls! Here's to a future of Club Med Nursing. Let me take care of that sunburn, my muscle bound baby!

Sharon Hirsch

The pleasure of life is the pain of living, what you take out is replaced by giving. Life: It's not worth living until is found.

Janet Hofstee

Thank God its over!!! Thanks to all the gals at Dupont Hotel. You're great! May you all visit me on Lake Scugog for some sailing and real relaxation -- we may need it after Europe.

Anne Hong

It has been a 'slice!' Thanks to all my good friends for all their help and encouragements.

Kelly Hughes

"Where all think alike,
no one thinks very
much"
-- Walter Lippman

Rosario Javier

Patience makes us work hard . . . harder . . . never give up! Four years in nursing is a reflection of our hard work and a challenge of our patience.

Laura Johansen

Aim to pass, spill the mix.

Dana Kent

The capacity to care is what gives nursing its deepest significance. Thanks Del and Frances.

Marie Klaassen

Hot damn! I'm outta here! Yeee-hhhaaa!

Susan Lalonde

See things as they are and ask 'why'. Dream things that never were and ask "why not" . . . May all your dreams come true.

Clara Lee

No pain, no gain.

Heika Link

Psalm 63:7 "Because you have been my help, therefore in the shadow of Your wings I will rejoice!" Thanks also to my friends and teachers and a big hug to Rita, my buddy.

Sharon MacDonald

"For they can
conquer who
believe they can"
-- Ralph Woldo Emerson

Teresa Maragna

I'm so glad we had this time together, just to have a laugh (N300) or sing a song (N401). But we just get started and before we know it, comes the time we have to say so long!

Bonnie McKergow

It all began with a marginal pass in my English Proficiency Exam, I rose above this stigma. Now all I must accomplish is an existential understanding of theory; learn the words to row row row and submit the 10th draft of my objectives.

Brenda Novak

Bren almost didn't make it to graduation! But here she is! Cheers to my favorite dancing/ studying/ partying partner (Laurel)!

Caroline Rafferty

"I have a dream
Free at last, Free at last
thank God, we are Free at last!"
-- Martin Luther King Jr.

Margaret Sum

Hang in there, you'll survive. I have!

Laurel *"happy camper"* Tien

Editor in chief for "Nurding News" will probably end up teaching CRP and First aid to police and firemen in the Greater Metropolitan Toronto Area -- lucky gal! Goodbye U of T
-- Bren

Pamela Walker

Professional misconduct: running naked through the OR!

Barbara Wilson

The road to expertise has only just begun.

Rita Yee

My motto:
work hard and play hard. As an old friend always reminded me -- when the going gets tough, the tough get going!

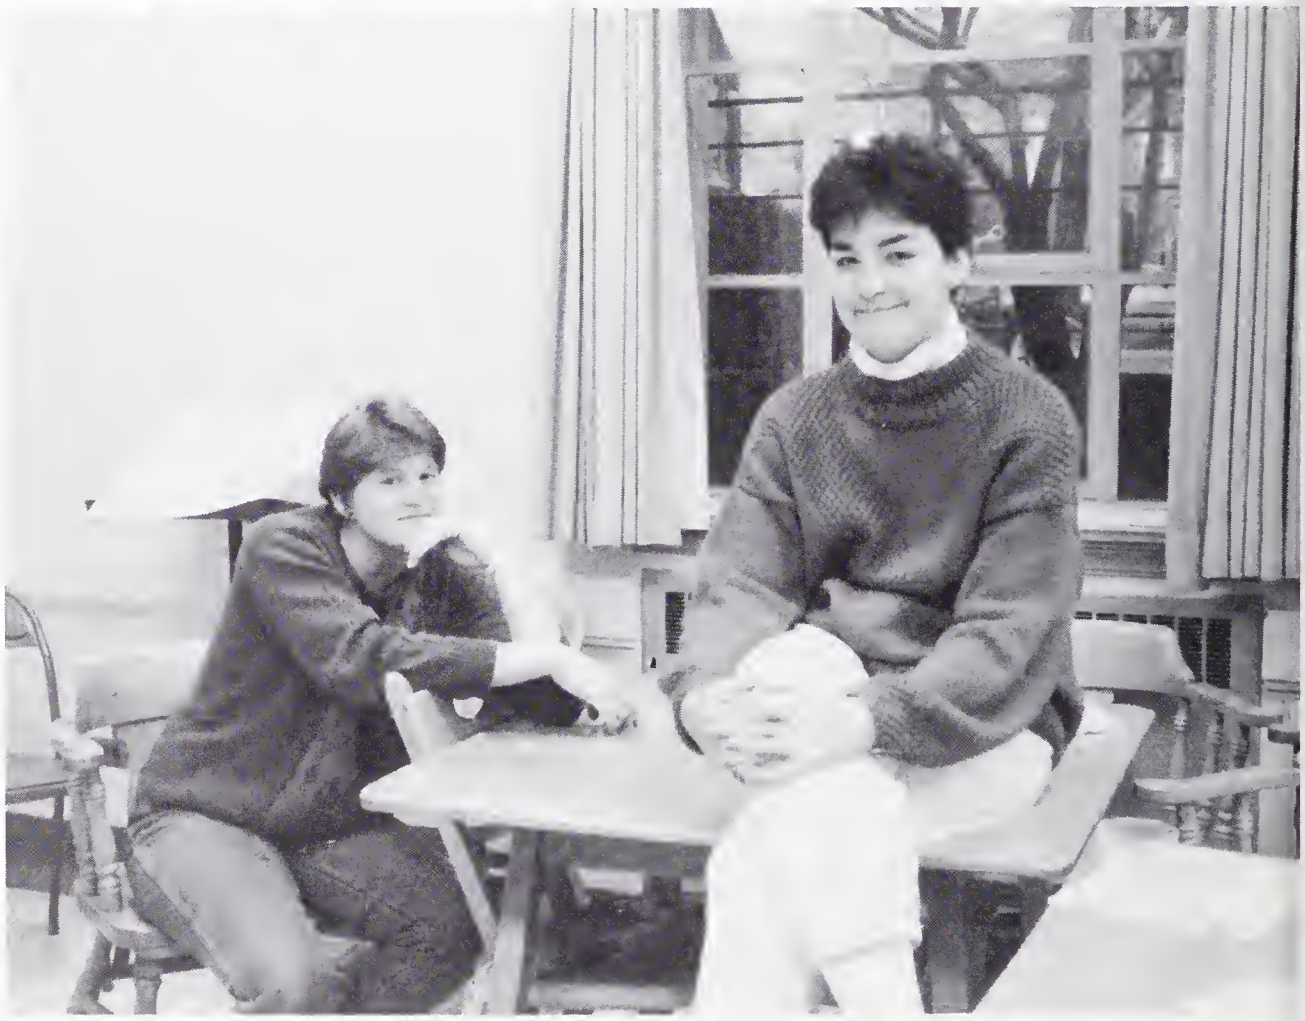
STUDENT COUNCIL

Heather Gallant, Janet McRuer, Marlene Berghuis, Elizabeth Ferguson, Susan Lalonde, Julie Lennox, Susan Phillips, Lucy Paulozza, Donna Clark, Sue Huang, Dorina Rico, Amy Tang, Patricia Favret, Teresa Maragna, Paula Argentino, Tammy Muxlow, Tammy Muller, Susan Carson, Robert Lees, Sarah Isert, Miriam Weinstein, Lianne Jeffs, Heather Gould, Michelle Gregory, Sioban O'Leary, Lorraine Boyle, Nada Vucak, Judy Hicks, Valerie Chance, Teresa Barnes, Kelly Hughes.



This year has been full of many ups and downs. I'm grateful for the strong team I was involved with in council. All members should be proud of the work they did. The responsibilities of council are often unknown to students, but they contribute a lot of time to overseeing the things we take for granted. Congratulations for a job well done. I have enjoyed my year as president. Good luck to everyone in the future.

Heather Gallant,
President.

Another year draws to a close and draws us towards the day of our *"golden handshake"* and we're off to the *"real world"*. As this book will attest, a lot has happened to us all: academically, socially and developmentally (believe it or not!) Thanks to all who have helped and become part of the student body of the faculty of Nursing. Remember, participation involves action!

Janet McRuer,
Vice-President.

PULSE EDITION

As the sole editor for *PULSE* Newsletter, I would like to thank everyone who put up with my constant nagging for monthly entries into each edition. I greatly appreciate all the help that each of you gave me in attempts to get *PULSE* back on its feet again. I do hope that from reading each edition at least someone did benefit in some way. If not, then Hey! That's another story . . . Take care everyone!

Tammy Muxlow,
PULSE Editor.

ATHLETICS

This year was memorable for nursing athletics. We broke the record for being the only faculty ever in intramural sports to default as many games as we did. Some teams were first rate. Our Field hockey team was first in the play-offs and we had a strong showing in Co-ed sports and in Powder Puff Football. Special thanks and appreciation to the small dedicated, enthusiastic group of nurses.

Lucy Paulozza,
Susan Phillips,
Athletic Reps.

Julie Lennox,
Social Director.

CUNSA

EDUCATION

As Co-Education directors, we co-ordinate Career Day for students, present a display at the Faculty of Medicine's Open House, arrange CPR Courses and provide a student voice at Faculty Teaching Learning Meetings. Our duties provide students with extra-curricular education opportunities and assist with Curriculum Issues.

Tammy Mueller,
Susan Carson,
Co-Education Directors.

SHOUT

Student Health Organization of U of T provides an opportunity for third year nursing students to work with a nurse practitioner at the Alexander Park Community Health Center. Response has been overwhelming this year. Participants practiced health assessment skills and learned about nursing in the community. Rosie Henderson, the nurse practitioner, was very helpful. I found this experience both rewarding and interesting.

Amy Tang,
SHOUT Representative.

Your Most Rewarding Career Could Be With Us

Congratulations. Now you're graduating and ready to begin your career as a health care professional.

Have you considered applying your skills in long term care? It may be the most rewarding area of nursing you could choose to work in.

In long term care nurses are key decision makers.

And at Extendicare, there are opportunities for nurses to advance into management.

It's for these reasons that most of our nurses wouldn't work anywhere else.

If you're interested in exploring a career in long term care, give us a call.

**CONGRATULATIONS TO
THE GRADUATING CLASS OF '89**
***from the Nursing Department,
Clark Institute of Psychiatry***

At The Clarke, one of Canada's leading centres for psychiatric research, education and patient care, we believe psychiatric nursing is an applied science founded on theory and clinical practice specifically designed to help patients attain the maximum level of health and adaptation.

The development of theory and innovative nursing practice is based on our commitment to education and research. As a result, nursing at The Clarke is in an ever-dynamic state. If you share our commitment, we encourage you to explore career opportunities offered here. These include: specialized and diverse clinical practice experiences; continuing education and professional development programs; and much more.

Enquiries should be directed to Personnel Services, (416) 979-6814.

CHILDREN'S
TYLENOL*
acetaminophen

A LOGICAL FIRST CHOICE IN PAEDIATRICS

ACTIONS:
Acetaminophen is an analgesic and anti-pyretic

INDICATIONS:
TYLENOL* acetaminophen is indicated for the relief of pain and fever. Also as an analgesic-antipyretic in the symptomatic treatment of colds

CONTRAINDICATIONS:
Hypersensitivity to acetaminophen

ADVERSE EFFECTS:
In contrast to salicylates, gastrointestinal irritation rarely occurs with acetaminophen. If a rare hypersensitivity reaction occurs, discontinue the drug. Hypersensitivity is manifested by rash or urticaria. Regular use of acetaminophen has shown to produce a slight increase in prothrombin time in patients receiving oral anticoagulants, but the clinical significance of this effect is not clear.

PRECAUTIONS AND TREATMENT OF OVERDOSE:
The majority of patients who have ingested an overdose large enough to cause hepatic toxicity have early symptoms. However, since there are exceptions, in cases of suspected acetaminophen overdose, begin specific antidotal therapy as soon as possible. Maintain supportive treatment throughout management of overdose as indicated by the results of acetaminophen plasma levels, liver function tests and other clinical laboratory tests.

N-acetylcysteine as an antidote for acetaminophen overdose is recommended and is available in oral and parenteral dosage forms. More detailed information on the treatment of acetaminophen overdose with N-acetylcysteine in its oral and parenteral dosage forms is available from the manufacturers (Mucomyst, Bristol-Myers Canada Inc., and Airbron and Parvolex, Glaxo Canada Ltd., trademarks for their brands of N-acetylcysteine) or contact your nearest Poison Control/Information Centre.

DOSAGE:
Children
Based on Weight
10-15 mg/kg every 4 to 6 hours, not to exceed 65 mg/kg in 24 hours

SUPPLIED:
TYLENOL* Drops. Each 1.0 mL contains 80 mg acetaminophen in an orange-coloured, non-alcoholic liquid vehicle with a new improved, fruit-flavoured taste. Available in bottles containing 15 mL† and 24 mL† and a calibrated dropper.
‡sweetened with sodium cyclamate and sorbitol

TYLENOL* Elixir. Each 5 mL contains 160 mg acetaminophen in a cherry-flavoured, non-alcoholic red liquid vehicle. Available in bottles containing 100 mL † and 500 mL.

TYLENOL* Chewable Tablets 80 mg. Each round, pink tablet, scored one side and engraved "TYLENOL" the other side, contains 80 mg acetaminophen. Available in bottles of 24† tablets.

TYLENOL* Junior Strength Caplets 160 mg: Each white caplet, scored on one side and engraved "TYLENOL 160" the other side, contains 160 mg acetaminophen. Available in blister packs of 20†.
†Container provided with a child-resistant closure

CONGRATULATIONS GRADUATES!

As part of the growing York Region, York Central is a progressive, 316 bed, fully accredited facility. For twenty five years, we have been building a reputation for the delivery of warm, personalized care that is inherent in our tradition.

Our Nursing department has been a role model and at the leading edge in the areas of computerization, workload measurement, quality assurance and unit dose medication administration. Our Units are decentralized and offer active orientation and ongoing educational programs.

As we meet the challenges of expansion over the next few years, we will continue to need the support of dedicated nursing professionals on our team. We hope to see you "GROWING AND CARING WITH US"!

Women's College Hospital celebrated its 75th Anniversary in 1986. Our history is unique in that the Hospital originated out of a need for a facility in which women physicians could practice. Today, Women's College Hospital is a 350 bed, acute-care University teaching hospital, treating both male and female patients. Through continuous expansion and development, a particularly caring attitude and personalized approach to patient care have been preserved.

Our specialized services include: Ontario's first Women's Health Centre, Bay Centre for Birth Control, Neonatal Intensive Care Unit, Sexual Assault Care Centre, Henrietta Banting Breast Centre, Psoriasis Educational Research Centre, Urgent Care Centre, and Tri-Hospital Diabetes Education Centre. When you join the Nursing staff at Women's College Hospital, you become a vital member of our health care team, as well as part of a dynamic, caring community.

We welcome applications from new graduate nurses.

You've passed one milestone,

THE MOST IMPORTANT ONE LIES AHEAD

AT THE

WELLESLEY

The Wellesley has celebrated many remarkable milestones. Looking ahead, we will endeavor to steer our hospital on what may prove to be dramatically different paths from the past. There are many career paths to follow throughout this world renowned institution. It takes an exceptional person to be a nurse today. It takes an even more exceptional person to make a commitment to be part of the best.

The Wellesley has built its distinguished reputation on these key components: A Tradition of Caring, Teaching and Research... and providing the best possible care means that our commitment to research and teaching are never ending. This is truly an exciting time to be at The Wellesley.

We can open doors and help you to realize fulfilling career opportunities in whatever career path you choose. Take the first step to a rewarding future by sending your resume, in confidence, to: Manager, Recruitment & Development, The Wellesley Hospital, 160 Wellesley Street East, Toronto, Ontario M4Y 1J3.

A TRADITION OF CARING, TEACHING & RESEARCH

...is learning and developing specialized skills on a day-to-day basis. When you join The Riverdale Hospital, you become part of a quality care facility that provides ongoing education in a close-knit environment.

We're very proud of our Nurses here because of their outstanding performance and their commitment to excellence. If you have a desire to join this team with Canada's most recognized continuing and rehabilitative treatment facility, please contact:

OUR CONGRATULATIONS TO THE CLASS OF '89 NURSES!

THE

BIGGEST

DECISION IS STILL AHEAD!

You made the decision to become a nursing professional and you decided to train at the Faculty of Nursing, University of Toronto. Now the ultimate decision is yet to be made - where to take your newly acquired skills and knowledge to apply them practically.

Northwestern General is certainly a facility to pursue in terms of a career. Within this progressive, community-oriented hospital, your education, level of skills and responsibility will continue to develop everyday because you'll have regular training, exposure to the most modern medical techniques and lots of practical experience.

It's a major decision... after all, this is your future that we're talking about.
Give us a call and we'll discuss your place at Northwestern!

CENTURIES OF DISCOVERY

PARKE-DAVIS OVER ONE HUNDRED YEARS IN CANADA

PARKE-DAVIS ADVANCES INTO A SECOND CENTURY OF SIGNIFICANT DISCOVERIES

Parke-Davis has grown with Canada sharing pharmaceutical research and development discoveries such as: Adrenalin* (epinephrine HCl), Dilantin* (phenytoin sodium), Benadryl* (diphenhydramine HCl), Zarontin* (ethosuximide), Lopid* (gemfibrozil).

And the future looks even more promising. Parke-Davis is continuing to increase its investment in medical research both in Canada and on a worldwide basis.

We're working hard to find the answers to many of today's medical problems; antitumor agents to help the fight against cancer, cognitive agents to combat Alzheimers disease, antihypertensives and lipid regulators to help prevent cardiovascular disease. Research is currently going on to discover new drugs for schizophrenia, epilepsy, asthma, heart disease and infections.

As a demonstration of our commitment to Canada, we invest eleven and one half cents of every sales dollar and employ eighty-three people in research and development, right here in Canada.

Help us share a better Canada through innovative drug research in our second century of discoveries.
